

Soccx, The battle

Are you ready for Dead or Alive?
It's the ultimate battle, and you are invited, hahaha
I don't know what you've been told
Soccx is gonna rock this joint

Verse

You think you're safe behind your friends
Because you fooled them good
Got news for you, I fooled you to
And now I'm laughing loud
You're not prepared I see ya scared
And now you wonder how
You can't escape, don't lose your face (ha ha ha)
Too late now

Prechorus

Try to run you won't get far

Chorus

Get ready for the battle
Roll up your sleeves
(Shake it shake it shake your body)
Dance like a butterfly, sting like a bee
(Push it push it push it push it)
Get ready for the battle
Roll up your sleeves
(Shake it shake it shake your body)
Stay in your corner till the bell rings
