Social Burn, U

Take back those tears That you sometimes cry I'll be right here Till your fears subside It won't take long You just need some time

[Bridge] Why can't you see

[Chorus] That I want you I need you In everything That I do I want you Cause I love you And everything About you

Take back those years That you try to hide Relax yourself Don't lose your mind

[2nd bridge] Why can't you see Who you can be

[Chorus] [Lead break] [Chorus x3]
