

# Socialburn, U

Take back those tears  
That you sometimes cry  
I'll be right here  
Till your fears subside  
It won't take long  
You just need some time

[bridge]  
Why can't you see

[chorus]  
That I want you  
I need you  
In everything  
That I do  
I want you

Cause I love you  
And everything  
About you

Take back those years  
That you try to hide  
Relax yourself  
Don't lose your mind

[2nd bridge]  
Why can't you see  
Who you can be

[chorus]  
[lead break]  
[chorus x3]
