

Society 1, Push It Through

The day is all done but mine is just begun
Don't what to say now, don't know what to say
Nothing to say, guess I'll find my own way
Don't know what to say now, don't know what to say
Look at all the people
Don't know what to say now, don't know what to say
Looking at me, looking at you, looking at?
Don't know what to say now, don't know what to say

Pushing it through the day!

People passing by, people passing by, people passing
Won't you ever talk to me, won't you ever talk to me?
People passing by, people passing by, people passing
Won't you ever talk to me, won't you ever talk to me

Can you break the dichotomy?
Don't know what to say now, don't what to say
Can you break the dichotomy?
Don't know what to say now, don't what to say

Can we stop this game we play?
Can you believe what I say?
Is this the only way?
Is this the only way?

Pushing it through the day

Cry you broken son
You can't believe in the things that must be done
Your thoughts do not release into the clear
So that is why when you push
your never near
Can you believe in the pain?
Can you believe in the pain?
Can you believe in the pain?
Can you believe it?
Pushing it through the day
