

# Society 1, So It Dies

I don't care about what you say  
It just doesn't seem to go away  
Nothing to do, nothing to do  
Push it through, push it through, push it through  
So what, so what, if you got a deal, so what  
Is it real? Does it have the mass appeal? So what  
I can not understand why it does not go away  
So what, I push it through another day

So it dies  
So it dies  
So it dies too, the one that stopped you

So you've got something to say, you think?  
Well you thought and now you act upon it oh shit!  
Here it comes self centered ego trip  
I am god, you are not, don't stop, worship this shit  
Get down, get down, get down on your knees please  
Self righteous little boy it's all about your needs, yes?  
Am I wrong should I stop this song?  
Never talked this strong, its just that's it been going on for far to long

Die!  
Die!  
Die!  
I do not speak of myself yet I just speak of who I am  
Now I guess your going to have to figure out all of the things that I just....fuck me...

So it Dies
