Sodom, Cowardice

I detest the awful day when you was born Your mind, your soul genetically deformed The nature struck back with a fatal mistake In witness whereof what hell can create

The darkside of the mocking curse Fervent love your pet averse Thousands blugeoned lifes Dastardly cowardice

Cowardice - a freezing touch Cowardice - bloody embrace

Innocent blood adorns your raping hands Importunity and lewdness systematically planned Predominant signs that we have to demoan Are deeply engraved in yourself to go on

The darkside of the mocking curse Fervent love your pet averse Thousands blugeoned lifes Dastardly cowardice

Cowardice - a freezing touch Cowardice - bloody embrace

The crunch of the dawn
Victims were found
Salvation in their eyes
Instinctive urge
Tremendous search
Deranged and Paralyzed
Virginal flesh
Summon the death
Perception really numb
A horrible man
The beautiful maid
And then your purge is done

Dewey eyed trusting and kissing the rods Offering hands to the snapping dogs Praying for god everyday for his scorn Why didn't your mother get killed before?

The darkside of the mocking curse Fervent love your pet averse Thousands blugeoned lifes Dastardly cowardice

Cowardice - a freezing touch Cowardice - bloody embrace

Why didn't your mother get killed before?
