

# Sodom, Murder In My Eyes

Give me a sign that you exist  
At the threshold of entrance  
I'm filled with hopes and yearning  
To find a way beyond the death

Condemned to leave this awful world  
Don't try to stop me I'm resolute  
To commit suicide  
You'll see the murder in my eyes

Something whispering in my ears  
"Come on take my hand"  
Rising up to the other side  
Recovered from the bad

Condemned to leave this awful world  
Don't try to stop me I'm resolute  
To commit suicide  
You'll see the murder in my eyes

Locked up in a hidden room  
I have to pay the price  
Carried away by the end of the light  
Wonderful to die

Condemned to leave this awful world  
Don't try to stop me I'm resolute  
To commit suicide  
You'll see the murder in my eyes
