

Sofia Carson, Love Is the Name

We're gonna build it up
Like rock stars
GO Nirvana in here
We're gonna spit it out
Tick-tock
Life is a video game
And we could be in love
Life, see
We really don't care
I just wanna be right here /2x

We can rule the oceans
We can rule the World
We'd be the commotion, baby

So we'll never regret that life's
Gonna be what we be
So we'll turn the music up tonight
Let the bit set you free
Give it everything you've got
And dance all your worries away
Forget yesterday
This life is a game
And love is the name
love is the name

I love the way your skin feels on mine
I'm digging your style
The way you let me in on secrets
That are already mine
And we could be in love, now

Life, see
We really don't care
I just wanna be right here /2x

We can rule the oceans
We can rule the World
We'd be the commotion, baby
