

Soilwork, The Flameout

Don't look for compassion
As long as you
Keep turning away
It's all that matters to me
When I try to puzzle your pain

You struggle against yourself
By living in the dust
Can't you realize
There's no one here
Who you can't trust
May the gods have mercy
On your bastard brain
Hold on one more second
My fatal one

Feeding angels with despair
Flameouts reigning everywhere
And you need it so
You just can't let it go away

I try hard to pull the
Strings of your life
Adopting my soul
To figure out what's right
Deep down I know
You can make it shine
Save yourself
And do not decline
An acute manner
For an acute
Self-destructive kind
It is structured
Before your eyes
You're so inferior and vile!
A creator of demonized
Stress and steals the crown
From the evil ones
Living in his mess

The remnants of his youth
Lies public just
If someone cares...
Swallow the bitter
Pill and justify!

Feeding angels with despair
Flameouts reigning everywhere
And you need it so
You just can't let it go away

So here I stand all alone
Where is the face
That I used to know
Can't believe you
Never found out why?
Why keep on hurting yourself?

-Solo-

Your time is running out
I think it ends right now
Your time is running out
I believe it starts right now

You struggle against yourself
By living in the dust
Can't you realize
There's no one here
Who you can't trust
May the gods have mercy
On your bastard brain
Hold on one more second
My fatal one

Feeding angels with despair
Flameouts reigning everywhere
And you need it so
You just can't let it go away
Feeding angels with despair
Flameouts reigning everywhere
