

SoKo, Ocean Of Tears

I've burnt the loans
'Cuz I'm alone
I feel an ocean of tears
Underneath my tongue
And the world is ending any minute now
And I can't be laughing cuz I know it's real

I really hope I can be abducted
If there's a God out there,
Just take me away
Then I can be myself,
No reason to hide
In the ocean of fears, now enjoy the ride.

You know I am scared to drown
In the ocean of tears,
In the ocean of fears.
I thought I was a witch, who was responsible
For the death of all the people that I love the most.
Trying to forgive myself for the wrong I've done
God has a plan to kill us all!

And everyday I wake up from a crazy dream
Where I'm looking for my daddy, and I know he's here
And I don't wanna wake, I can control my dreams
I feel safer this way, cause I can disappear

You know I am scared to drown
In the ocean of tears,
In the ocean of fears
You know I will learn to rise
From the ocean of tears,
From the ocean of fears.

Hold your breath, learn to die, stay enjoy /2x

And I'm too aware of my mortality
I thought I was a kid when I wasn't a kid
And I'm haunted now, I am haunted now
And when I'm digging the grave,
Kiss me dead, kiss me dead
Yeah, kiss me!

Where were you?
