

Solabeat Alliance, Dusk Till Dawn

Open hearts and rhapsodies of freedom,
Standing here right on the edge of earth,
Burning high with feelings we can lean on,
All of this is of the greatest worth

Don't you be no stranger,
Do you remember,
12 long hours ago?
Don't shoot me down

Stolen hours in moonlight,
We take warning,
Stars reflect in dilated eyes,
Slow down, yes a new day is dawning,
This feeling lingers through the night,

Don't you be no stranger,
Do you remember,
12 long hours ago?
Don't shoot me down
