

Sölborn, Lunar Fantasy

Close the door for this unfeeling world
It never was for you nor me
Touch of twilight on the golden shores
Where we escape reality again

Time to sail into the arcane sea
Wish upon a lunar fantasy
Into the night we run
(Into the night we run)
Adventures of our lives
(Adventures of our lives)
Never ending ride
(Never ending ride)
Memories of time
(Memories of time)
Ships are flying high
(Flying high)
With wonder in our eye
(In our)
Into the night we run

Feel the wind and hear the forest sing
Rise into eternity again

Time to sail into the arcane sea
Wish upon a lunar fantasy
Into the night we run
(Into the night we run)
Adventures of our lives
(Adventures of our lives)
Never ending ride
(Never ending ride)
Memories of time
(Memories of time)
Ships are flying high
(Flying high)
With wonder in our eye
(In our)
Into the night we run

And we'll live forever

And when the end will come
It will take me to sea
For eternity I'll fly around the endless skies
Reborn again in the heart of the sun

Time to sail into the arcane sea
Wish upon a lunar fantasy
(Oh will we learn to love?
Will we learn to care?)
