

Soldout, I Can't Wait

I wanna hit you
Like I never did
Oh let me hear you
Just a small one

I wanna kill you
I'll do it slow
Oh let me be you
One last time

I can't wait
I can't wait
I can't wait
I can't wait

I wanna tell you
How it used to hurt
Oh let me show you
It's been so hard

I wanna have you
Not only in my dreams
I wanna beat you
For so long

I can't wait

I wanna hit you
Like I never did
Oh let me hear you
Just a small one

I wanna kill you
I'll do it slow
Oh let me beat you
One last time

I can't wait
