

Solefald, Red View

burn the edges of your thoughts
-feel the air beneath
burn the edges of your thoughts
-feel the air beneath

witness the cosmic dance
from a red view

burn the edges of your thoughts
-devastating fire
burn the edges of your thoughts
-devastating fire

pieces of a paradise never created
floating on the tide of the human mind
washing the shores of the microcosmos
guiding hordes of men
towards the sick and the blind

-red view-

ascend, descend - the order of chaos
stay safe in the eye of the
renaissance tornado

see the universe unite
and yourself become its key,
and a sense of correlation
your opportunity
