

Solstice, A cold day in December

I try to remember,
then I try to forget,
I want to dismember,
all of it...

Was a cold day in December,
the coldest one yet,
do i want to remember?
do i want to forget?
I want this to end...

I want this to end...
so I'll get over it
I try to say never,
but I'll never get you,
I'll be stuck like this forever,
wishing it all will conclude,

Was a cold day in December,
the coldest one yet,
do i want to remember?
do i want to forget?

I want this to end...
I want this to end...

So I'll get over it
I want this to end...

I want this to end...
So I'll get over it
