

# Soluna, Bring It To Me

## \*Verse 1

Oh no, there you go again  
You're so trying to pretend  
That I don't know exactly what you  
Are thinking about me but you  
Don't know that I feel the same  
I'm so tired of playing games  
Are you just afraid I won't be  
Feeling you but, baby, you'll see  
I got what you need and more  
But you got to make it yours  
I got what you want for sure  
So what are you, baby, waiting for

## ~Chorus~

Baby, I already know that you want me  
So what will it take for you to tell me  
I'm down for you, to be with you  
All you got to say is bring it to me  
Why are you procrastinating  
Leaving me anticipating  
To be with you, be down for you  
All you got to say is bring it to me

## \*Verse 2

So, now we're all alone  
Got your chance to let me know  
No reason to let time go by  
Ain't getting nowhere so if I  
Make a move then would you care  
Could you handle it from there  
If your ready get your sh\*t together  
'Cause I ain't ever gonna wait forever  
I got what you need and more  
But you got to make it yours  
I got what you want for sure  
So what are you, baby, waiting for

## ~Chorus~

Boy, you got me fantisizong  
'Bout the things that we could do  
Now my temperature is rising  
What's it gonna take  
To be with you

## ~Chorus~
