

# Soluna, He Should Be You

He doesn't taste like you  
He doesn't touch like you  
No, I know he can't replace  
What never, never went away  
There's no substitute  
For what I shared with you  
No, I know it's not the same  
When he, when he calls my name  
Does he know that when I'm looking in his eyes  
I'm thinking in the back of my mind

He should be you  
How can it be  
That the man I wanna love  
Is not the man who's loving me  
It should be you, it should be me  
Don't want to hurt him but it's true  
He should, he should be you

Thought I was over you  
Thought I had spent enough  
Time alone living, living on my own  
I guess I fooled myself  
By thinking I could tell  
A broken heart when it should start  
Do you know how hard I've tried to let him in  
Kept thinking that in time there'd be a spark

He should be you  
How can it be  
That the man I wanna love  
Is not the man who's loving me  
It should be you, it should be me  
Don't want to hurt him but it's true  
He should, he should be you

How do I let him know  
How do I let him go  
What I'll say to him to explain  
It's not that I don't care  
It's just that it's not fair  
When I look at him and feel this way

He should be you  
How can it be  
That the man I wanna love  
Is not the man who's loving me  
It should be you, it should be me  
Don't want to hurt him but it's true  
He should, he should be you

He should be you  
How can it be  
That the man I wanna love  
Is not the man who's loving me  
It should be you, it should be me  
Don't want to hurt him but it's true  
He should, he should be you

He should be you  
How can it be  
That the man I wanna love  
Is not the man who's loving me  
It should be you, it should be me

Don't want to hurt him but it's true  
He should, he should be you
