

# Something For Kate, Photograph

take a photograph  
and settle down  
two and two, not as hard as it looks  
better not to burn those books  
you're not travelling on a beam of light  
and you're not sitting around under house arrest  
until you change your mind  
not a blink  
not a breath  
not a sign (x4)  
take a photograph  
to remind you  
of the things you know you will one day forget  
take a side effect  
as a measure of your progress  
take what you give  
and give what you take  
and as you walk with your breath two feet in front of you in the cold  
take a photograph, to have and to hold (x2)  
take a photograph
