

# Son By Four, Can Someone Tell Me

Days go by and I'm wishing  
That you were kissing me goodnight  
Every sunrise I'm so lonely  
And I'm trying to get by

The thought of you comes back into my mind everytime that I'm dreaming  
I'm caught up in the rapture of your love its not enough to break down and cry  
And just when I finally find the strength to break free  
There you come along back into my life

Chorus:  
Can someone tell me  
How can I get the  
Thought of you out of my mind  
How can I learn to let you go  
Can someone help me  
I feel it's urgent  
I need someone who's heart is kind to mine  
Could it be possible

Someone who can love me forever  
Someone who knows with time, love grows  
Anyone who understands that it's better  
When you love someone from your soul

Just when I...  
The thought of you comes back into my mind everytime that I'm dreaming  
I'm caught up in the rapture of your love its not enough to break down and cry  
And just when I finally find the strength to break free  
There you come along back into my life

Chorus

Someone who can love me forever  
Someone who knows with time, love grows  
Anyone who understands that it's better  
When you love someone from your soul

Can someone tell me  
How can I learn to let you go  
Can someone help me  
I feel it's urgent  
I need someone who's heart is kind to mine  
Could it be possible

Someone who can love me forever  
Someone who knows with time, love grows  
Anyone who understands that it's better  
When you love someone from your soul
