

Son Lux, Betray

You will betray me baby, and
I will be true.
I only ask "May I share dinner with you?"

You will betray me baby, and
I will be true.
I only ask "May I share dinner with you?"

You will betray me baby, and
I will be true.
I only ask "May I share dinner with you?"

You will betray me baby, and
I will be true.
I only ask "May I share dinner with you?"

I only ask, "May I share one more with you?"
