

# Son Of A Plumber, Jo-anna Says

monday

jo-anna spends an hour with her magazine  
the day is kinda grey and so lazy  
she goes aaaahh...  
and hey boy  
jo-annas in the mirror in her dressing gown  
talking to a friend who lives uptown  
she goes aaaahh...

my love... and beyond  
oh i wish she was my love  
my love... and beyond beyond

jo-anna says im not the only one  
jo-anna says ill never be the one  
but when she smiles theres something in her eyes  
that tells me im not like the other guys  
jo-anna says - i have to give her time  
jo-anna says - if shes gonna make up her mind  
jo-anna says - i have to wait in the line  
or come back tomorrow

monday

sitting in a window in a cheap hotel  
lighting up the room with a candle  
i go aaaahh...  
and hey boy  
she says that im a mess any given day  
then laughs as she leaves for a party  
i go aaaahh...

my love... and beyond  
oh i wish it was my love  
my love... and beyond beyond

jo-anna says im not the only one  
jo-anna says ill never be the one  
but when she smiles theres something in her eyes  
that tells me im not like the other guys  
jo-anna says - i have to give her time  
jo-anna says - if shes gonna make up her mind  
jo-anna says - i have to stand in the line  
or come back tomorrow
