

# Sonic Youth, (I Got A) Catholic Block

I got a catholic block  
Inside my head  
I let it go to work  
Bring it all back home

It serves you right  
And I can motor down  
You got to earn yr freedom  
Get it on my own

I just live 4ever  
There just is no end  
I just trust the oppression  
Like I trust yr friends

I got a catholic block  
Inside my head  
I let it play around  
Iron to gold

Come back to me awhile

I got a catholic block it's around my head  
I got a catholic block and it's blood orange red  
I got a catholic block do you like to fuck?  
I got a catholic block guess I'm out of luck
