

# Sonic Youth, I Love You Mary Jane

(feat. Cypress Hill)

Sugar come by and get me high [x 9]

Look who's back on the program  
Hookin' up another fly joint  
When I float on the slow jam  
When I tipped I kicked the shit  
Like a phat drum when I light up a fat spliff  
Take a whiff, can you smell that in the air?  
When I'm smoking out the building from everywhere  
Shit I feel get down, don't you sit down  
When my thought starts cloudin'  
Time to skip town  
When yet I go wrong I got to hit my bong  
Later on I'll be getting high all alone  
I got a friend named Mary Jane  
And she make me feel strange  
Now I got to call out her name

I love you Mary Jane  
Sugar come by and get me high  
I love you Mary Jane  
Sugar come by and get me high  
I love you Mary Jane  
Sugar come by and get me high  
I love you Mary Jane  
Sugar come by and get me high

Can I call Marty? Wanna, if you wanna party  
Well shit I'm gonna as soon as she comes around  
To my neighborhood  
Damn and she always smells good  
Let me make this understood  
I'm gettin serious, have you ever been experienced?  
Not for the lightweight, make you delirious  
What if the room's spinning? I can't stop  
Now I musta been drinkin cuz this ain't pot  
That's doin' me like this, I feel ill  
Now I'm callin' out to Mary becuz I just can't deal

I love you Mary Jane  
Sugar come by and get me high  
I love you Mary Jane  
Sugar come by and get me high  
I love you Mary Jane  
Sugar come by and get me high  
I love you Mary Jane  
Sugar come by and get me high  
Come get me high  
Sugar come by and get me high.....
