

Sonic Youth, Pattern Recognition

I'm a cool hunter making you my way
Like a brand name you'll replay

I will know you
I won't show you, yeah yeah
You're the one [x4]

Heat-seeking missile freak
Black magick
Scared to speak
I will know you
I won't show you, yeah yeah
Will you buy me a shaky heart
Let's forget has torn me apart

I will know you
I won't show you, yeah yeah
You're the one [x4]

Can you sell me
Yesterday's girl
Cuz everyday I feel more like her
Oh baby baby
Please don't go

Pattern recognition
Is kind of slow
Like a cool hunter watch the disarray
Keep your secret foolish head away
I will know you
I won't show you, yeah yeah
Close your eyes and feel the fun
Pattern recognition's on the run

I will know you
I won't show you, yeah yeah yeah
You're the one [x4]
