

# Sonic Youth, Trilogy: The Wonder

[Thurston]

See flashing eyes  
They're flashing 'cross to me  
Burnin' up the sky  
Sunshining into me  
Your locus crown  
Cop-killin' heartbeat  
Head's lookin' down  
Bowin' out, to the street

I'm just walkin' around  
Your city is a wonder town

Lips red to white  
Lips green in black night  
Your spirit flares  
Flarin' up leonine

I'm just walkin' around  
Your city is a wonder town

Transmitter rhyme  
Transmitter, all the time

Lookin' up to the sky  
I'm seein' ghosts flyin'

I'm just walkin' around  
Your city is a wonder town

I think I've been there, once before  
Something tells me, there's so much more  
She's back in town, to even the score  
It's time to go

See flashing eyes  
They're flashing 'cross to me  
Burnin' up the sky  
Sunshining into me  
Your locus crown  
Cop-killin' heartbeat  
Head's lookin' down  
Bowin' out, to the street

I'm just walkin' around  
Your city is a wonder town
