## Sonic Youth, Trilogy: The Wonder

[Thurston]
See flashing eyes
They're flashing 'cross to me
Burnin' up the sky
Sunshining into me
Your locus crown
Cop-killin' heartbeat
Head's lookin' down
Bowin' out, to the street

I'm just walkin' around Your city is a wonder town

Lips red to white Lips green in black night Your spirit flares Flarin' up leonine

I'm just walkin' around Your city is a wonder town

Transmitter rhyme Transmitter, all the time

Lookin' up to the sky I'm seein' ghosts flyin'

I'm just walkin' around Your city is a wonder town

I think I've been there, once before Something tells me, there's so much more She's back in town, to even the score It's time to go

See flashing eyes
They're flashing 'cross to me
Burnin' up the sky
Sunshining into me
Your locus crown
Cop-killin' heartbeat
Head's lookin' down
Bowin' out, to the street

I'm just walkin' around Your city is a wonder town
