

# Sonic Youth, Waist

Guess who came round today  
X-Girl and the girl snoo-pee  
Twinkle toes and sparkle eyes  
Everything is a new surprise  
They're gonna spend some super-cash  
Spend it all on the boy-smash  
And all the glamour is all the time  
Silver jacket and a twist of lime  
Well hope you don't waste away  
Yeah hope you don't waste away  
You better not waste away  
Ooh yeah don't waste away  
I've seen it happen before  
Girl slipping out the door  
Sneaking into Agnes B.  
Throw away everything  
You've been a waste away  
You've been a waste away  
You've been a waste away, now

Walk up to her and say  
I'd love you anyway  
Sweet subtle super style  
Wonder how to make an angel smile  
Don't let me waste away  
Don't let me waste away  
Don't let me waste away  
Don't let me waste away, wow!
