

SONICFLOOD, Holy One

Lord I stand in awe of You
'Cause everything I know
Fails to compare to
You and You alone
Taken by Your majesty
I am overcome
By the power of
What Your hand has done (Yeah)

Chorus:
I could never quite express
The beauty of your holiness
You're the Holy One
I could never quite define
The way You've changed this heart of mine
You're the Holy One
You're the Holy One
You're the Holy One

There's no counting all the ways
That You have been so true
You're faithful to the end
You're faithful thru and thru
You are more than wonderful
You are everything
You mean more than love
More than life to me (Yeah)

Bridge:
Holy, You are Lord over all the earth
Let us see your glory
I will lift You up for You loved me first
For You are the holy, Holy One, Holy One, Holy One...

(Chorus)
