

# Sonique, Drama

Well here I go in the wind  
Got to face rockin' on the sound  
Got my phone in my hand  
My baby hit me 2 times  
I gotta hit her back, she says she's flyin' in tonight  
See my baby's been gone for so long  
She's back in town  
It's time to get it on  
She told me she would meet me at my spot about 8:00  
That gives 2 whole hours to get my shit straight  
I hit my place around 6  
It's most time to see her, almost time to get my fix  
I just can't wait to see my baby's face  
She's not like all these others on the paper chase  
She's the kind of girl that you wanna stay true to  
There's nothing that this girl wouldn't do for you, no  
I think I hear her in my driveway  
Open up the door and this and this is what she had to say  
I found someone to, do what you used to  
Boy you thought you were deceivin' me, with your infidelity  
I found someone who really deserves me, and he's all I need  
I'm making my moves, I've found someone new and got no more love for you  
How could you go and do this to me baby?  
Since you hit town your had me running around actin' crazy  
And had I known you treat me this way  
We had to swing this drama for another day baby  
This was your night, the room was on, beepers on  
My shit was tight, you blew it baby, now it's blown  
And after all I done for you  
You messed around and blew the best thing that ever happened to you baby  
Now don't go and put this all on me  
Since I left town you've been tryin' to run down with every girl you see  
I can't believe you do this to me, ohhh baby  
I heard about your friend with the red dress  
Now why you wanna go and play a game you can't win  
You didn't know she was my best friend  
And now we're all up in your pockets for your benjamins  
I found someone to, do what you used to  
Boy you thought you were deceivin' me, with your infidelity  
I found someone who really deserves me, and he's all I need  
I'm making my moves, I found someone new and got no more love for you  
I found someone to, do what you used to  
Boy you thought you were deceivin' me, with your infidelity  
I found someone who really deserves me, and he's all I need  
I'm making my moves, I found someone new and got no more love for you  
Don't leave me baby  
Said I love you baby  
Said I need you baby  
Stay right here with me baby
