

# Sonny Burgess, More I'm Around Some People, T

I got a boss that likes to ride my back  
Down at the factory  
Somebody's always riding my bumper  
Honking when the light turns green  
I loaned my best buddy money  
I ain't seen him since  
He avoids me like the plague  
Got a message from my girlfriend  
She met a new man and married him yesterday

The more I'm around some people  
The more I like my dog  
Now I don't understand when folks come to see me  
Why he tries to run' em off  
So I took the chain from around his neck  
And put a beware sign on the lawn  
'Cause the more I'm around some people  
The more I like my dog

I got caught in the middle of he said, she said  
Something I didn't say  
My landlord told me my rent was going up  
Well that's a bill I just can't pay  
My neighbor's trying to sue me  
He don't know there's nothing to me  
My brother complains about the music I play  
Just last week I got car-jacked  
Now I'm thumbing to work again

The more I'm around some people  
The more I like my dog  
Man's best friend until the end  
He's never done me wrong  
So I took the chain from around his neck  
And put a beware sign on the lawn  
'Cause the more I'm around some people  
The more I like my dog

So I took the chain from around his neck  
And put a beware sign on the lawn  
'Cause the more I'm around some people  
The more I like my dog  
Yeah the more I'm around some people  
You know the more I like my dog
