

Sonny & Cher, Crystal Clear / Muddy Waters

Muddy waters means trouble at your door
But I won't bring them to you anymore
This time I'm back for good
Sticking close to you
And I swear I'll never hurt you again
I'll never be untrue

[Chorus:]

Rain, let it rain
Let it wash these muddy waters
Rain, let it rain
Pour, let it pour
And while these muddy waters raise
I'll be staring into your eyes
Out of the rain

It's crystal clear
That you've been lying to me
It's crystal clear
That you've been playing around
It's crystal clear
I'll end up crying it's meant to be
But all that's left to do is pray
You'll stay with me

I'll take you back just one more time
And make those muddy waters mine
And we'll let it, and we'll let it

[Chorus]

Rain, let it rain
Rain, let it rain
