

# SonsOfDay, Greatest Love

If life is still for sure  
Im living in all thats new  
the rose and the lies before me  
the wilder neath ahead  
at times I am not sure of all the things you do  
I'll listen with my silence  
you wakes me up inside  
Cos' you are to me the greatest love of all  
and you catch me when I fall into your arms again  
you are to me my greatest dream in all  
and you hear me when I call  
Im forever yours  
and your love is ever true  
you bring me back to you  
everytime Im falling down you show me what is true  
although I am not certain of everything you do  
I listen with my silence  
you breaks me down inside  
Cos' you are to me the greatest love of all  
and you catch me when I fall and to your arms again  
you are to me my greatest dream in all  
and you hear me when I call  
Im forever yours  
yeah~~~Im trying and trying  
Im feeling and falling  
and I just can say yeah and just can say you~~~  
tryin and tryin Im feeling and falling  
and I just can say yeah just can say you~~~  
you are to me the greatest love of all  
you catch me when I fall and to your arms again  
you are to me my greatest dream in all  
and you hear me when I call  
Im forever yours  
Yeah
