

# Sophie Ellis-Bextor, If I Can

A new dawn waits for us tonight  
If you play the cards, youre holding right  
I swear Ill keep in party line  
Cross my heart and hope to die  
If I lose myself to rhythm  
Doesnt mean I lose control

[Chorus:]

If I cant dance

If I cant dance

Oh, baby, if I cant dance

If I cant dance

If I cant dance

Then I dont need any part of your revolution

Can you see the action in my head?

The town were painting turning red?

We need a new wave I can ride

If we are ever gonna turn this side

Politicize my own endeavors

Ive no use for your protocol

[Chorus (x2)]

Oh darling dont be so unkind

The beat must never be denied

[Chorus (x2)]

Revolution

Revolution
