

Sophie Ellis-Bextor, Move This Mountain

What do you want from me, I stand before you
No attempt to leave, I'm too tired to disagree
I stand before you no chance
I'll believe this warning, oh do you know
I would have done anything for you, take this chance
I won't repeat this, I can do anything that's
Put beside of you and I can move any mountains that you make
I'll lift you up and my back will never break
And I can move this mountain
Come and take the rest of me I never thought
I wouldn't want you near, this is all I'll ever be
I understand you, look around to see this dawning
Oh, does it show, I wanted to catch you falling
Oh, do you know, I would have done anything for you
Take this chance I won't repeat this
I can do anything that's put beside you
And I can move any mountains that you make, I'll lift you up
And my back will never break and I can move this mountain
