

# Sopor Aeternus, The Virgin Queen

Panda-ghost-face

oh, dear me I do still ponder on  
the old first question I ever raised  
was by mistake, a singular one.

Handsome and straight

I only detect the safety of denial  
the masculinear, slap in the face  
there are some tears I shall never cry

Brothers in arms I tend to ignore

I am sadly waving a sigh  
from the other shore  
It is by far not an easy thing  
to delight the barrent heart  
of the Virgin Queen.

There is not a man walking this earth  
that I would like to watch

I do not care about your pretty face  
I never thought about your crotch!  
I do not marvel at your body  
be it athletic or fat  
I do not long for your sick kiss  
there is no room for you in my bed!

There's no magic-man wandering here,  
who's wand I'd want to touch!

Well, I don't mind a handsome face  
but none shall ever make me blush!  
I never bowed before a statue  
for I'm the Gorgon's work of art,  
I am not dying to be kissed  
there's no fire in my well-sedated heart

Sailors, soldiers, cops and rangers  
and fire-fighters too ...

some like a man in uniform, well, I confess ... I do.

Auf Pfederucken wohnt das Gluck

Schau, dieser hengst ist gut bestuckt!

It is, by far, not an easy thing

to delight the heart of the Virgin Queen

Oh, sailors, soldiers, cops, and rangers  
fire-fighters too

some like a man in uniform  
and our queen does too.

But she is married to the throne  
the royal sceptre that she holds  
she made the greatest sacrifice  
for the poses she's destined to strike!

We're sailors, soldiers, cops and rangers,  
fire-fighters too,

we're marching men in uniform  
our queen is fair and true

Oh, she's so lonely on her throne  
cold is the sceptre that she holds

She made the greatest sacrifice  
for the poses that she's destined to strike

Brothers in arms I tend to ignore,

I am sadly waving a sigh from the other shore  
It is by far not an easy thing  
to delight the barren heart of the Virgin Queen

Brothers in arms she tends to ignore  
she is sadly waving a sigh  
from the other shore  
it is by far not an easy thing  
to delight the barren heard  
of the Virgin Queen ...
