

# Soraya, Sweet Love

Take a chance and kiss me, lay your love on me  
follow your instincts, let them set you free  
The way your eyes wander and settle on my lips  
moves my inner river baby, pushes my limits

Sweet, sweet love, I will be the one  
Sweet, sweet love, to help you to come undone

With each passing moment, the tension grows and grows  
conquer your hesitations, what are your fearful of  
I can see in your eyes, desires on your mind  
Im in no hurry baby, time is on your side

Sweet, sweet love, I will be the one  
Sweet, sweet love, to help you to come undone
