

Sorry Boys, Cancer Sign Love

Even I can get you
Even I can get
I'm not afraid of you

Even I can get you
Sure, I can get by
Even If I met you

I've got you one
I've got you
I've got you one

Maybe I know your sign
Maybe a cancer
One day you will be mine

You are like war and crime
That's why I hate you
One day you will be mine

I've got you one
I've got you
I've got you one

Even if I don't have you now
I've got still a threat of you
Even if I don't have you now
I've got still the blues
