

# Soul Asylum, Secret No More

Well, well, now what the hell has gotten into you  
Is it something we can make it through  
I'll spend the rest of my life trying to figure you out  
Like a black silhouette in a shadow of doubt  
Some kinda spectacle that no one can see through  
But it burns inside, you hide it well  
You hide it from yourself  
And you promise that you won't tell  
Promise that you won't tell  
Promise that you won't tell  
Promise that you won't yell  
Secret no more, secret no more  
Now I know that something's wrong  
And I'll find out before too long  
Only you can break my solitude  
Don't you tell anyone I told you this  
?? and then they kiss  
We got to die to spread your disease too  
But it burns inside, you hide it well  
You hide and ??  
And you promise that you won't tell  
Promise that you won't tell  
Promise that you won't tell  
Promise that you won't yell  
Secret no more, secret no more  
Promise that you won't tell (x3)  
Promise that you won't yell  
Secret no more, secret no more (x2)
