

# Soul Junk, Yellow Tooth Youth

Things in the spirit God gives us a test  
Envy is pressured by our hearts and our minds  
So he gives us grace but opposes the proud  
Humble yourselves so you do not miss out

Subject yourself to the Lord and resist  
The devil will run from you when you resist  
The mourning will change your life through the tears  
Humble yourself and God will bring you near

A leader will arise among you  
I will bring you near  
And you will be close to me  
For who is the one who will devote himself to be close to me?  
So you will be my people and I will be your God  
So now who the one who will devote himself to get that close to me?

What causes fights and division in you?  
Aren't you at war for the things that you want?  
Things that you want but you you never can get  
You lust and you kill but you still never get

Things we don't have, because we don't ask of God  
Things we don't get because our motives are wrong  
Wash all the sin off my hands and my heart  
I'm double-minded so purify your heart

A leader will arise among you  
I will bring you near  
And you will be close to me  
For who is the one who will devote himself to be close to me?  
So you will be my people and I will be your God  
So now who the one who will devote himself to get that close to me?

Things in the spirit God gives us a test  
Envy is pressured by our hearts and our minds  
So he gives us grace but opposes the proud  
Humble yourself so you do not miss out

A leader will arise among you  
I will bring you near  
And you will come close to me  
For who is the one who will devote himself to be close to me?  
So you will be my people and I will be your God  
So now who the one who will devote himself to get that close to me?
