

Souldium, Crucify

So long so long
I dont know where to begin
Im waiting, and waiting
For all this shit to leave me
So weak, not strong
But I will find the strength to
Its over, so over just listen closely
I said I
Wont lay down and die
As you crucify me
Cause I know I
Im not ready to die
Not ready to die
Im not ready to
Im bleeding, Im bleeding
The blade is sinking deeper
Im dying, Im dying
And you jus dont fucking care
Im tired, so tired
But I will find the strength to
Its over, so over, just listen closely
I said I
Wont lay down and die
As you crucify me
Cause I know I
Im not ready to
Im not ready to
Fucking bleed for you
Still not ready to
Im not ready to die
Ready to die
I said I
Wont lay down and die
As you crucify me
Cause I know I
Im not ready to die
Not ready to die
Im not ready to
