

Souldium, Easy Kind Of Girl

Shes sorry so I guess itll be ok
Shes like an evil mist amidst the hallowed rain
I saw her drying her eyes
Her tears are liquid lies
Shes at a music show routing for the team
Her cheating heart just makes more obscene
Yeah, you know, a rocking fan till the end
For the boys in the band baby she will bend
And show them
All the love in the world
You know, shes an easy kind of girl
Wholl show you
All the love in the world
Cmon shes an easy kind of girl
Cell phones ringing loud, its 2 am
Another emergency for another friend
You know the boys are throwing this thing
And they need someone to step up to the mic and sing
Yeah
And show them
All the love in the world
Cmon shes an easy kind of girl
Wholl show you
All the love in the world
You know, shes an easy kind of girl
Yeah
Shell show you
All the love in the world
You know, shes an easy kind of girl
Wholl show you
All the love in the world
Cmon, shes an easy kind of girl
