

# Souldium, The Light

And now I see  
I see the light  
Freed from the night, the sun is rising again..  
And I feel  
I feel alive  
It's on my face  
Not far from grace... not far from grace..  
If it feels right  
It can't be wrong, it's so extraordinary  
Break your chains  
Despite their key  
You were born to be free...  
And now I see  
I see the light  
Freed from the night, the sun is rising again..  
And I feel  
I feel alive  
It's on my face  
Not far from grace... not far from grace..  
And now I see  
I see the light  
Freed from the night...  
And I feel  
I feel alive  
Not far from grace...  
And now I see  
I see the light  
Freed from the night  
I feel  
I feel alive  
Not far from grace...  
Not far from grace...
