

Soulja Boy, Hey You There

Hey you there [x7]
I see you ova there
I see you everywhere
Come and sit right here
Hey how are you doing?
We could go see a movie
Heard you were a groupie
Jus call me next tuesday
Hey you there [x7]
I see you over there
I want you to come here
Sit down
Hey I seen you yesterday
You didn't even wave
That's why I had to say hey, hey, hey GOODBYE
You think this is funny
I think your a dummy
I have alotta money
So hey hey hey hey
Hey you there
Please her and lease her
Hey s-cc-cc- daddle
Heard you like to travel
So why won't you come her and light my (what?)
Hey you there [x3](what you want)
Please her an lease her
Heard you like this music
Like the way I do it
Like to move it [x3]
This right here is my theme song
I bet it is your ringtone
I farted and it smelt (nasty nasty)
Like a stink bomb
Hey you there [x4](what?)
Please her and lease her
Hey you there
Come here
I want you to come here
Please her and lease her
Hey I know you want to get me
I heard you want to lick me
My body is so sticky (nasty nasty)
Hey you there
I see you over there
I want you to come here
Please her and lease her
Chigga chigga
Hey there, Hey you there
Hey I see you over there
Please her an lease her

Hey you there (what? what?)
