Abide tearing rest of your human spirit
the rite of possession puts you into a blindness
even blood on your feet won't prevent you from walking
Eyes witness deeds of eternal vain.

Cult of curse essential was part as Loa wielded hands of might to manipulate

Damballah, Legba, Maman Brigitte & Ogoun

Each of symbols feed dead by beings
Curves lines sculptured by nails, drown by fire in the well of sand
Only few escaped the might of their ritual
Taking disgust of their own race, ashamed of their God ? half God, half animal

Obligated souls drown in wells of the ash

Only few escaped the might of their ritual
Taking disgust of their own race
