

# Soundgarden, Blind Dogs

Run away, now its Halloween  
Shave your head and burn you sheets,  
evil could be  
right next door  
What do blind dogs believe?  
I dont want to know  
Following blind

Run away, now its Halloween The safe bet is on your knees,  
bow your head  
to the Trinity,  
thats what blind dogs believe  
But Ive heard that before,  
Following blind

Dead on my feet  
while my nightmare walks,  
I fell asleep  
where the freeway talks,  
suffer to swim  
and dying to sink  
These things in the air,  
they will make you think
