

Soundgarden, Gun

I got an idea of something we can
do with a gun
Sink load and fire till the empire
reaps what they've sown
Shoot shoot shoot till their minds
are open
Shoot shoot shoot till their eyes
are closed
Push push push till we
get some motion
Push push push till the
bombs explode

I got an idea
We can do it
All on our own
Nothing to worry
Regret must weigh a ton
Kick kick kick till the
laws are broken
Kick kick kick till the
boots are worn
Hit hit hit till the
truth is spoken
Hit hit till
the truth is born

I got an idea of something
we can do with a gun
