

# SoundQ, Crazy Mother East

Two bald heads  
Badly misaligned  
One looks up  
The other looks behind

Crazy mother east, you're drunk, in denial, and bitching  
Crazy mother east, so long as you scratch it's gonna keep itching

Overcast  
Stories you live to tell  
Distant past  
Echoes in the wishing well

Crazy mother east, you're stuck between denial and yearning  
Crazy mother east, how can you sleep when the north is burning.
