

# South Park, Bubblegoose

I go by the name of Wyclef Jean  
We are the refugee all-stars  
We salute to soldiers around the world  
This one's called 'Bullet in your Bubblegoose'  
Sit Right Back and hear a tale, of a hustler round my way  
Who used to clock around the block, from where my grandma stayed  
A Black BMW with rims to match, windows bullet proof  
One Night he jumped out the car, and caught a Bullet in his Bubblegoose

He Caught a bullet in His Bubblegoose.  
He Caught a Bullet in His Bubblegoose.  
You can be at a party getting loose.  
But you can catch a bullet in your goose.  
He Caught a bullet in His Bubblegoose.  
He Caught a Bullet in His Bubblegoose.  
You can be at a party getting loose.  
But you can catch a bullet in your goose.

Sit right back and hear a tale, of a young girl around my way  
We used to Dance around the way, from where my homeboy stayed  
A Black BMW with rims to match, Windows Bullet proof  
One night she jumped out the car, and caught a Bullet in Her Bubblegoose

She Caught a Bullet in Her Bubblegoose.  
She Caught a Bullet in Her Bubblegoose.  
You can be at a party getting loose.

But you can catch a bullet in your goose.  
She Caught a Bullet in Her Bubblegoose.  
She Caught a Bullet in Her Bubblegoose.  
You can be, at a party getting loose.  
But you can catch a bullet in your goose.
