

South Park, Getting Gay With Kids Choir Song (P

Doo-doo-doo, da-da-do-do-wow!
There's a place called the rainforest that truly sucks ass
Let's knock it all down and get rid of it fast
You say 'save the rainforest', but what do you know?
You've never been to the rainforest before!
Getting Gay with Kids is here
To tell you things you might not like to hear
You only fight these causes 'cos caring sells
All you activists can go f**k yourselves.

Someday if we work hard boys and girls..
There'll be no more rainforests left in the entire world..
Getting Gay with Kids is here
To spread the word, and bring you cheer
Getting Gay with Kids is here
Lets knock down the rainforest, whaddaya say?
It's totally gay, It's totally gay!
