

Spain, Nobody Has To Know

Nobody has to know
Girl we've fallen so in love
It was just a year ago
And you've kept it to yourself
Nobody has to know
Nobody has to know
Nobody has to know
Girl our love has grown so strong
Close the shades unplug the phone
How can our love be so wrong
Nobody has to know
Nobody has to know
Nobody has to know
Girl we've fallen so in love
It was just a year ago
And you've kept it to yourself
Nobody has to know
Nobody has to know
